 - Slipway is another profit centre. Club looking to capitalise on this asset by adding additional services to what is currently offered.
 - 50th Tall Ships Regatta next year. Planning to add several events on the Friday. Biggest club fund raiser. We will be looking for sponsors and grants to help with the running costs.
 - Building R&M and capital upgrades tend drop off when the club is short of money. Bruce acknowledged the assistance of club members with the supply of materials for some maintenance tasks.
 - Club is looking for someone to help with grant applications.
 - Projects that the club is hoping to proceed with include: – toilet upgrade, bore upgrade, Junior sailing shed upgrade, Russell wharf upgrade adding a new race starting facility, club house renovation and jetty upgrade.

Motion #1 – Use of the Fast-track Approvals Act for the proposed Marina

- Jay pointed out that the club has an important voice in the community if they choose to use it.
- Jay also noted that, in his opinion, the club should ensure a significant majority of its members support this type of action before it advocates on their behalf.

Motion: That with at least 2/3 of voting members present voting in favour, the Club oppose on behalf of its members the use of the Fast-track Approvals Act for the proposed marina development in Waipiro Bay, in any form that the General Committee deems appropriate.

Moved: Jay, 2nd: Tony Hanlon. The motion was carried with 45 (71%) votes for and 5 against the motion.

- Bruce confirmed that the club will establish a sub-committee to oversee the members opposition to the use of the Fast-track Approval process for this project.

Motion #2 – To adopt the new Constitution

- Bruce introduced the new Constitution and why the club needs to have one. All Incorporated Societies must have a constitution that meets the new Act's requirements, and our current rules fall well short of what's required.
- Several long-standing club members including Andrew Riddell, Brett Avery, Tony Hanlon and Simon Taylor helped review a draft document put together by Ian Holt.
- Bruce confirmed that this is a Yes/No vote. If passed, then the new constitution comes into force. If no, then further work will be required.
- The club may need a SGM to make further minor changes to the new constitution.

Motion: That the club adopts the proposed new constitution, as presented to the membership on the 1st of June, 2025, to replace the existing rules in their entirety. The new constitution shall take effect immediately upon its adoption by a two-thirds majority vote in favour by qualifying members present.

Moved: Bruce, 2nd: Scotty Thomassen. The motion was carried with 54 (86%) votes for the motion.

- The club's Patron, Tony Hanlon addressed the Commodore after the vote. He pointed out members may not realise how much work went into this new constitution by the committee. He offered his congratulations to the committee for taking on this task and offered a vote of thanks to Ian Holt for the work he has done on this new document.

Note: The club rules (paragraph 6) require a majority of two thirds of the members present at an annual or other general meeting to alter the club rules.
