NOTICE of RACE (NoR)

The main purpose of this annual Regatta is to provide a gathering of all Sailing Vessels and celebrate the **Spectacle of Sail**. The competitive aspect of racing is secondary to the joy of participation and competing for honour, not prizes, as this NoR document reflects.

1. RULES

- 1.1. The International Regulations for Preventing Collisions at Sea apply to all participants in this Regatta. Ref to appendix A for extracts from these rules.
- 1.2. The Racing Rules of Sailing **DO NOT** apply to this regatta.
- 1.3. All fore and aft rigged yachts in the races must give manoeuvring room and right of way to any square-rigged vessel.
- 1.4. There will be other motor and sailing vessels in the region of the race course who are not Tall Ships Regatta participants but who must be respected with (and are expected to also honour) the same 'Prevent Collision' rules. Please refer to appendix A.
- 1.5. The Yachting New Zealand Safety Regulations Part II, Category 5 will apply to all boats entering this regatta.
- 1.6. It is the obligation of the boat's skipper to ensure compliance with the Safety Regulations.
- 1.7. No Protests. The races are sailed with the rules pertaining to all vessels obeying the International Rules, refer to appendix A. Any incidents caused by disregard for these rules will be referred to the police.
- 1.8. Sailing will take place within the Pēwhairangi Marine Mammal Sanctuary area. Regatta organisers have applied to the Department

of Conservation for a permit to allow for all participating boats and support vessels to be exempted from the rules of the sanctuary upon arrival to the start line and during racing. Sanctuary rules will apply at all other times.

1.9. Regatta rule changes may be advised in the Sailing Instructions.

2. SAILING INSTRUCTIONS

2.1. The sailing instructions will be available one week prior to the Regatta. A course sheet will be made available during the skipper briefing on the day of the Regatta.

3. COMMUNICATION

- 3.1. Please refer to the Russell Boating Club Tall Ships page for all Regatta related communications.
- 3.2. All boats shall carry a VHF radio capable of communication on channels 16, 63(Russell Radio), 77(Race Committee Boat)
- 3.3. On the water, the race committee will make courtesy broadcasts to competitors on VHF channel 77. The channel will be confirmed In the Sailing Instructions.

9. RISK STATEMENT

- 9.1. The responsibility for a boat's decision to participate in a race or to continue to race is hers alone.' By participating in this Regatta each competitor agrees and acknowledges that sailing is a potentially dangerous activity with inherent risks. These risks include strong winds and rough seas, sudden changes in weather, failure of equipment, boat handling errors, poor seamanship by other boats, loss of balance on an unstable platform and fatigue resulting in increased risk of injury. **Inherent in the sport of sailing is the risk of permanent, catastrophic injury or death by drowning, trauma, hypothermia or other causes.**
- 9.2. The Russell Boating Club and Tall Ships Committee are not responsible for the actions of any vessel either participating in the races or not, except for the committee and patrol boats.

10. TROPHIES & PRIZES

- 10.1. Trophies and Prizes will be awarded to all Divisions.
- 10.2. Trophies, prizes and results awarded on the day of the races are provisional only. Russell Boating Club reserves the right to review and amend results at their discretion.

11. CANCELLATION OF THE REGATTA

- 11.1. The Tall Ships organisation committee reserves the right to cancel the regatta completely by written notification to each yacht entered, via email to the contact provided on the Entry Form.
- 11.2. In the event that the regatta is postponed or abandoned for reasons beyond the organisers control, a refund in whole or part will be limited to payments made for the entry fee only, at the discretion of the Tall Ships organising committee.

Appendix A

Extracts from the International Regulations for Preventing Collisions at Sea.

To prevent collisions, remember ...

Always keep a good lookout.

Allow that bigger yachts may not be as manoeuvrable as you.

Port tack vessels give way to vessels on starboard tack.

Windward boat keeps clear of leeward boat.

Overtaking boat keeps clear.

Vessel being overtaken holds course and speed; but see Rule 22.8.5.

Regardless of who has right of way, all boats should take appropriate action to avoid collision.

Action to avoid collision.

Rule 22.8.5	If necessary to avoid collision or allow more time to assess the situation, a vessel shall slacken its speed or take all way off by stopping or reversing its means of propulsion.
Rule 22.12.1	<p>Sailing Vessels</p> <p>For the purpose of the following rule, the windward side shall be deemed to be the side opposite to that on which the mainsail is carried, set or trimmed to, or in the case of a square-rigged vessel, the side opposite to that on which the largest fore and aft sail is carried.</p>
Rule 22.12.2	<p>When 2 sailing vessels are approaching one another, so as to avoid risk of collision, one of them shall keep out of the way of the other as follows:</p> <ul style="list-style-type: none">i) When each has the wind on a different side, the vessel which has the wind on the port side shall keep out of the way of the other.ii) When both have the wind on the same side, the vessel which is to windward shall keep out of the way of the vessel which is to leeward.iii) If a vessel with the wind on the port side sees a vessel to windward and cannot determine with certainty whether the other vessel has the wind on the port or the starboard side, she shall keep out of the way of the other.

Overtaking.

Rule 22.13.1	Notwithstanding anything contained in the Rules of this section, any vessel overtaking any other, shall keep out of the way of the vessel being overtaken.
Rule 22.13.2	A vessel shall be deemed to be overtaking when coming up on another vessel.
Rule 22.13.3	When a vessel is in doubt as to whether she is overtaking another, she shall from a direction more than 22.5 degrees abaft her beam, that is, in such a position with reference to the vessel she is overtaking, that at night she would be able to see only the sternlight of that vessel but no sidelights, assume this is the case and act accordingly.
Rule 22.13.4	Any alteration of the bearing between vessels shall not make the overtaking vessel a crossing vessel within the meaning of these rules nor relieve her of the duty of keeping clear until she is finally past and clear.
Rule 22.17	Action by (stand-on) vessel with right of way. <ul style="list-style-type: none">i) If one of the 2 vessels is to keep out of the way, the other must keep its course and speed.ii) When from any cause, the stand-on vessel with right of way finds itself so close that collision cannot be avoided by the action of the give-way vessel alone, it must take whatever action will best avoid collision.
